

The K-love radio station is so important to my community!
I moved there knowing no one except my husband and a few of his friends. I didn't have a job and it was K-love that I could lean on during this time because they provide support to anyone who needs it! K-love has a great effect on this community because it is positive and it is music and encouragement that people need in thier lives when all they are surrounded by throughout the day is negative! K-love is a good example that young people need as this country is getting further away from Christian values. It teaches and informs people of the truth. K-love also provides more than just radio. It is so important to my community and to the public interest because there are staff pastors that are there if someone needs to call in to get help. They also take prayer requests and really pray for you. If K-love were to be displaced it would be devistating to our community because we need a positive and encouraging station that preaches the truth when you have negative and lies comming from all other forms of media every day!
